

ARM Academy

FREE ARM Software Webinars

November Webinars

These webinars are related to data and trial processing. Featuring two guest speakers, we introduce the Trial Database, dive in to trial and data review, and ST basics.

(Note the time change from last month, due to daylight savings!)

Introduction to ARM Trial Database (ATD) Wed. Nov 10 at 10 am CST

Learn how an ATD trial database can unlock possibilities for your organization to utilize and summarize research data.

Trial Review: Best Practices Tue. Nov 16 at 10 am CST

We share tips and techniques for saving time reviewing trial files received from others. Topics include: study rules sets, trial validation, assessment views, and the study list.

Advanced Data Review: Diagnostic Graphs Thu. Nov 18 at 10 am CST

We demonstrate the graphing functionality and options within ARM.

Summary across Trials (ST) Refresher and Q&A Mon. Nov 22 at 10 am CST

We quickly cover the basics of Summary across Trials (ST) as a refresher for those who have used the add-in before. Bring your questions and "what-ifs" for the second half of the session!
