

FREE ARM Software Webinars

ARM Software Webinar Week #7

We are repeating topics from week #1! Whether you are new to ARM or have used the software for years, there is something for everyone to learn. Register now!

Monday, May 11 at 9 am CDT: Applications and Spray Sheets

Goal: Tips for documenting treatment applications, and common troubleshooting steps for creating a "spray sheet" Spray/Seeding Plan report!

Sign up for webinar: [REGISTER](#)

Friday, May 15 at 9 am CDT: Schedule Tasks/Calendar

Goal: Learn how to create calendar appointments/tasks within ARM for trial applications, assessments, and other actions. Sync these with your Outlook calendar!
